					8H 18+/15+	Ladies, then Mixed		
					8H U15	Girls (no Mixed)		

Be at your stage at least 30 minutes in advance if you are the first competition starting in the block of time allotted for several competitions. Watch the stage like you would at a feis. Competitions will run concurrently, so not all dancers need to be ready to dance at the start of the time block. Check with your teacher if you are unsure how to read this stage schedule. Competitions may start early. Dancers who have not collected their number by the time the competition commences will not be allowed to dance. Read the syllabus for all other rules. Recalls and awards will be announced when ready. Good luck and have a great weekend!
