

IDTAC-E Regional Feis Registration

adopted April 25th 2021, updated January 1st 2023

REGISTRATION

Feis organizers must submit a registration form to the IDTAC-E Feis Registrar for approval of any new and established feiseanna in the region, as well as requests for skips, temporary and permanent date changes. This form can be found at [IDTACE Feis Registration Form](#) or on our region's website.

Registration must be submitted no less than 6 months prior to the feis date (trying to get back to this timeline for 2023). Once approved, registration fees must be paid within 30 days of the approval and copy of proper insurance must be submitted within 30 days of the feis date sent via email.

Registration fee for a one-day feis is CAD \$240. Registration fee for a two-day feis is CAD \$320. Back-to-back feiseanna must register each feis separately, each as a one-day feis. All registration fees are non-refundable. Fees are to be paid via e-transfer to idtace.treasurer@gmail.com.

Any fees paid to NAFC for 2020 that were not used in 2021 or 2022, are not applicable to 2023 feiseanna.

Travel restrictions are no longer in place, so 1/3rd of adjudicators must be from outside of the region. An updated adjudicator/musician contract for 2023 must be used and is attached.

ADMINISTRATION

The IDTAC-E Regional Feis Registrar will use a multitude of factors when determining the approval of a feis, including, but not limited to, location, proximity of bordering region feiseanna, the proximity to an established feis, the feis cap, feis format, established/recurring date etc.

The IDTAC-E Regional Feis Registrar reserves the right to deny a feis registration if it does not fall into the scope of any established criteria, or if it appears it will inhibit or interfere with an approved feis on the same weekend. If a feis registration is denied, an appeal can be made to Ryan Carroll, Regional Director, whose decision will be final.

Approval may also be revoked if fees are not paid within 30 days of approval or proof of insurance is not submitted within 30 days of the feis date.

SYLLABUS

Please refer to the most recent syllabus and numbering system for our region, located on our region's website at [IDTACE Regional Website](#). Syllabus must be sent to [Eileen Moran](#) for approval before being published. Any offerings that are not part of the Regional Syllabus must be approved by [Ryan Carroll](#).

IDTAC-E Regional Feis Registration

adopted April 25th 2021, updated January 1st 2023

FEIS REPORT

Organizers must submit a detailed report to the IDTAC-E Regional Feis Registrar within 14 days of the feis using the online form. [IDTACE Regional Feis Report](#)

Registration for any subsequent feiseanna will be denied if the previous report has not been submitted.

Information will be used to measure the financial and cultural success of all regional feiseanna, however, any sensitive details provided regarding financials or the like will be kept confidential.

NEW IDTANA RULES AS OF JANUARY 1st 2023

North American feiseanna may not mandate dancer costuming, including accessories. However, feiseanna may offer themed special competitions at their event. All costumes must be in keeping with CLRG Costume Rules. ie. No blackout mandated feiseanna allowed, however, blackout attire is allowed.

All IDTANA registered feiseanna MUST publish their adjudicators one month (30 days) before the final closing date for feis entires. If a feis is not closing entries prior to the feis date, the feis MUST publish the list of adjudicators at least one month (30 days) before the feis date.

Feiseanna offering second chances for all categories, or back-to-back feiseanna, should have enough adjudicators so that at least 2/3's of dancers' panels should be different in Championship and at least 50% of panels should be different in grades.
